

OUR MOST STABLE 3-WHEEL SCOOTER EVER

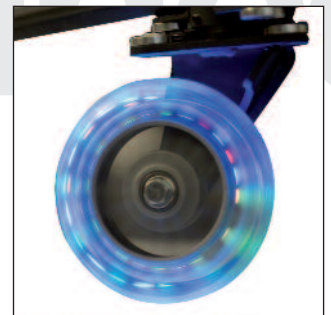

Rascal Balance

Indoor-outdoor deluxe 3-wheel scooter

The latest in mobility scooter technology, the Rascal Balance features Magnetic Stabiliser Technology and Frame-Forward design for stability, comfort and ease of use. Rascal Balance combines the manoeuvrability of a 3-wheel scooter with improved stability from 2 Magnetic Stabiliser wheels giving you superior performance both indoor and outdoor.

Why choose the Rascal Balance?

- Exclusive Stabiliser Technology with self-centering magnetic castor wheels
- Frame-forward design for maximum foot area and comfort
- 3-wheel manoeuvrability and Stabiliser Technology means its just doesn't get better
- Plush, 18" (46cm) wide swivel seat with padded armrests for all day comfort
- Coil spring suspension for maximum comfort
- Powerful 450 watt motor carries up to 204kg (450lbs / 32 stone)

Stability

Breakthrough Magnetic Stabiliser™ Wheel Technology. Wheels touch down and light-up when you turn to **keep you stable**. They self-centre magnetically when not in contact with the ground.

Comfort

Frame-Forward™ design, increases leg and foot room. **Stretch your legs** to improve posture and weight distribution. Increase comfort by adjusting seat and handlebar.
