

# The Comforter Range

A truly comfortable experience, whatever your size

# The philosophy of complete comfort – one size does not fit all

Whatever your size or height, there is a riser-recliner to fit each and every individual within the Comforter range. The internal dimensions of the riser-recliner – seat height, width and depth, and back rest height – need to be carefully matched to ensure you are provided with adequate support, as well as comfort.

The riser-recliner that offers the most comfort and convenience for a petite person almost certainly will not provide the same level of comfort or support to someone who is very much taller.

Choose the Junior Petite if you are 160cm (5'3") or less; the Medium up to 178cm (5'10"); the Large up to 188cm (6'2") and the Tall up to 203cm (6'8").

Comforter riser-recliner shown here in Diamond Paprika fabric

### A Comforter riser-recliner is more than just somewhere to sit

Experience total comfort when reading, chatting, working or watching television. Feel rested by lowering the back angle. Move the leg rest or back rest independently. When the leg rest is raised on its own the seat base will tilt slightly to maintain the correct seating position.

### Difficulty in getting up?

It is often difficult to get up from a conventional armchair as a result of reduced muscular strength and impaired functioning of the joints. The Comforter makes sitting and standing so much easier with its smooth lift and tilt action.

# Features

The Comforter Range is available in four sizes – Junior Petite, Medium, Large and Tall offering you seating solutions from tall to small. This outstanding riser-recliner is available in a choice of up to five colours in our popular Diamond fabric. Also available in water-resistant fabric.

Leg rest extension (optional)

**All Comforter models feature:**

- Smart Tek
