

UltraLite 355/355XL

PROVEN PERFORMANCE, MORE CHOICE

For years people have enjoyed life with the UltraLite 355 from Electric Mobility. This excellent scooter has now been refined to include many new features aimed at delivering a more independent lifestyle.

With evolutionary features such as a frame that dismantles for ease of lifting and transportation, a larger battery for increased range and sculpted arm rests, the 355XL provides a level of specification that is unsurpassed.

Enjoy independent living with the UltraLite 355 and 355XL from Electric Mobility.

UltraLite 355/355XL

The new UltraLite 355 and 355XL offer proven performance. The features that made the 355 so popular remain – the comfortable seat, the superior leg room, and the easy to fold design. Enhancements include a key ignition for safer control and contoured arm rests for added comfort.

For those looking for a little more flexibility, the 355XL can offer all this plus an increased travel range, a heaviest piece of only 28lb and a simple four step take-apart process for ease of transportation and storage.

Enjoy independent living with the UltraLite 355 and 355XL from Electric Mobility.
